

Wireless Secondary Keypad

If you'd like this keypad to stay mobile and move from room to room, skip the following wall mounting steps.

MOUNTING TO WALL (OPTIONAL)

- 1 Simultaneously press both tabs on top of the keypad to separate mounting plate from main keypad.
- 2 Place mounting plate in desired location and ensure the plate is level.
- 3 Secure the mounting plate with 4 screws in the provided holes.
- 4 To reattach keypad, insert the bottom portion onto the mounting plate first and then tilt upwards, snapping the keypad into place.
